If Tenant 2's details are the same as Tenant 1's, write "as above." If there is no Tenant 2, skip that section. Use the back of the form if you need more space for any additional information, feedback, suggestions, or complaints. You can also list any maintenance requests. We know there's a lot to address and now that we are more settled in and we're past the crazy holiday period we would like to start prioritizing some of the smaller tasks that may have been overlooked previously. Please return this form to the office at your earliest convenience.
